The navigation bar (0:09)

- This is located along the top of each page.

- Hover over a page title and then click on it to open the page, for example, Athletics.

- Titles with a triangle next to them contain sub-pages.
- By hovering over these titles, the sub-page options appear beneath.

- Clicking on a sub-page will open that page.

Athletics

Gesu School offered sports starting around the 2nd grade and running through 8th grade. The school included two gyms, a bowling alley, a pool room and recreation room. There were close ties between the school and Milwaukee's CYO head, Peter Murphy. Many of the tournaments were held at Gesu.

Gesu Classroom Classroom Photos

Classroom Photos

Gesu School operated for sixty-nine years, offering kindergarten to 8th grade education. Each year a photograph was taken of every class in the school. For a few years there is close to a complete run of every class, while other years may only have a few. Some years have no photographs at all. Those that have survived are displayed here.

The table of contents (0:45)

- As an alternative to using the top menu bar, a table of contents is located toward the bottom of the Home page.

Using the carousels (2:30)

- Groups of photographs appear in a carousel viewer.
- By clicking on the left or right arrows, you will advance through the carousel.

- Each of the small circles beneath a carousel indicates an image. By clicking on the circle, you will advance to that image within the carousel.

- The images in each carousel are ordered chronologically from left to right.

Looking at Images (3:23)

- To look more closely at a specific image, click on its thumbnail image.
- This opens to a page dedicated to that image.
- Click the diagonal arrows icon at the top right to view the image in full screen mode.

- Click the same button again to minimize the image.

Downloading/printing images (3:23)

- Click on the download icon to save an image file to your device.

- Once an image is downloaded, it can be printed from your device.
- **IMPORTANT:** There is no way to print an individual image directly from the website. This is because printing of a specific image file is controlled through the visitor's device and not the website. Web browsers only permit printing of the *entire page*. So, to print out a specific photograph for personal use, you must first download that image to your machine and then print it from there.

Using Tags (4:15)

- Tags provide a way to view all the images within a subject category.
- For example, if you are looking at an individual Athletics photo and wish to view all the Athletics images, click the Tag link at the bottom right.

- A tag link also appears beneath each carousel. Clicking on it will produce all the images in a grid layout.
- This provides an alternative to the carousel for browsing through many images.

3-D images (5:28)

- The site includes some artifacts that have been photographed with a 3-D camera.
- By clicking and dragging on an image, you can pivot it right or left, up or down.

- If you click on a photograph using a mouse that has a scroll wheel, you can use the wheel to zoom in or out of the photo.
- The method for zooming depends on your device. For example, on some laptops dragging two fingers down the mousepad area will zoom in while dragging two fingers up the mousepad will zoom out.

Listening to audio recordings (6:30)

- Push the play button to play the audio clip.

Desk Bell Sound

- Click and drag the slider left or right to adjust the volume.
